

Fair pay

**for council and
school workers**

Councils and schools workers deserve fair pay

UNISON members working in councils and schools have kept the country going during the coronavirus crisis. After a decade of cuts, it's time for a decent pay rise.

You have faced daily risks to keep our communities going and to keep vulnerable residents safe, while 25% has been wiped from the value of your pay since 2010. Now, more than ever, the workers that deliver vital services deserve a decent pay rise. That's why UNISON is calling for a 10% pay rise for council and school workers like you.

Join the fight for fair pay at unison.org.uk/LGfairpay to:

- **Email your councillor asking them to support us**
- **Download campaign resources**
- **Get involved in the conversation on social media**
- **Make sure your contact details are up to date**
